

The Gasoline With A K-I-C-K

We wish to call the attention of automobile owners and drivers to the gasoline which we are selling at our garage at 27½ cents per gallon—

Manhattan Gasoline

Read what Eddie Rickenbacher, the famous racing driver, says about this gasoline:

Prest-O-Lite Racing Team

Racing Maxwell Cars
E. V. RICKENBACKER, Manager

Des Moines, Iowa, June 25, 1916.

TO ALL MOTORISTS:

The gasoline used by me in SPEEDWAY RACES of June 24th was STRAIGHT RUN MANHATTAN GAS. My Maxwell racers demand positively the cleanest gas of the highest efficiency. The gas used in this race was superior to any I have ever used.

YOURS FOR THE GAS WITH THE KICK.

(Signed) EDDIE RICKENBACHER.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't stay Gray! Here's an Old-time Recipe that Anybody can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and so evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to flush Kidneys and neutralize irritating acids—Splendid for system.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

F. E. Holsten returned Thursday from Lincoln where he was in attendance at the state convention of Rexall dealers.

LIKE IT AT LANCASTER BETTER THAN AT KEARNEY

Orville Lewis and Willie Dunbar, who Robbed Holsten Store, Write Sheriff—Going to be Men

Orville Lewis and Willie Dunbar, the boys who broke the plate glass window in the front of the Holsten Jewelry and drug store on August 5, and secured some \$200 worth of jewelry; who entered a house in east Alliance and attacked a woman, tearing her clothing from her body and causing a general row; and who broke into a box car in the Burlington yards and got away with eight mackinaw coats and other clothing, are doing well at the penitentiary at Lancaster, according to Lewis in a letter sent to Sheriff Cox. Following is the letter received by the sheriff: "Mr. C. M. Cox, Sheriff.

"Dear Sir: I will take the pleasure to drop you a few lines to let you know that Bill and I are getting along fine. I am working in the chaf shop and Bill is working in the laundry, but we cell together. We like it here a great deal better than at Kearney and we have decided that when we get out of here we will make men out of ourselves. We expect to be paroled about the first of July. How is Doc getting along? Tell him hello for us. Well, this is all I can think of so I will close for this time.

"Your friend,
"Mr. Orde Lewis, ORDE LEWIS,
"Lancaster, Nebr. WM. DUNBAR,
"No. 6911."

Both boys have been in trouble before and Dunbar was on parole from the state reformatory at Kearney at the time he took part in the affairs that sent him to the penitentiary. There is a certain pathetic humor in the statement, "We like it here a great deal better than at Kearney."

The boys were arrested by Officer Wheeler. They were charged with burglary and plead guilty to that charge before County Judge Berry. The district court sentenced the boys to an indeterminate sentence of from one to ten years at Lancaster, and they were taken there on September 15.

SCHOOL FOR STOCK BREEDERS

United States Will Support but Two Great Stock Shows

It is rapidly becoming evident that the United States will give support to only two great annual stock shows. One of these will be the International at Chicago, and the other the National Western at Denver. In the development of stock breeding, live stock competitions are one of the most important features. It is the stock breeder's school. At every county and state fair the live stock competition is always an important feature. These competitions may be regarded as the primary school of the breeder. Here he is able to match his cattle up with those of his neighbors and see what progress he is making. The great annual stock show, however, may be regarded as the college or finishing

FRED GRAEBER

Democratic Candidate for County Commissioner of Sheridan County

Fred W. Graeber is the Democratic Candidate for County Commissioner from the 2nd District for whom the voters of Sheridan County will have to cast their vote for or against at the election on November 7th.

Mr. Graeber came to this section in 1884 or before the County was organized and then a part of Sioux County. He is a native German, coming to Illinois at an early age, coming on to this country with the Northwestern Railway. He is a mason by trade and will be remembered by the old timers as the man who built the first brick chimney in Rushville.

Passing through the hardships of the pioneer of that day he has emerged today as one of the leading progressive and public spirited citizens of the county. His broad acquaintance in the county would certainly be an advantage, not only to himself, should he be elected, but the taxpayers as well. Having had experience in the mason trade all his life, completing contracts from the government down to the private individual, his knowledge of bridge and culvert building could not but be one of the best reasons why the voters should put an X in the square to the left of his name, and the taxpayers need never fear but what they will get value received from every dollar spent from the road and bridge fund of the county.

Mr. Graeber is widely known for his integrity and progressive spirit in all things for his county and home town. His interests are all in Sheridan County where he has raised his family and made his competence in life and when he now seeks public office on the grounds of his past record it should be given him with a good will and spirit, knowing that they have voted for a man with the knowledge and ability to fill the office of County Commissioner from the 2nd District.

Vote for Fred Graeber

school. At these shows there come together all of the best breeding of the country. Here are met the prize winners from the county and state fairs, and in the show ring the breeders are able by comparison to judge accurately of the progress being made. This year there were three great shows—one at Denver, one at Kansas City and one at Chicago. The Kansas City show has for several years been sailing in rough waters. The success of these exhibitions demand that they shall be located at the stock yards center. The Kansas City stock yards are no longer able to supply room for the American Royal Show. For the past two years it has been held in cramped quarters in the heart of the city, a mile or more away from the stock yards. This year the show was well attended and some magnificent herds were exhibited, but the breeders have served notice on Kansas City that unless adequate quarters can be provided they will have to abandon this

annual event. This will leave only the two great shows—one at Chicago and the other at Denver. Some of the leading herds of the West will exhibit at the Chicago show and the leading herds of the East will exhibit at Denver, and in this way an opportunity will be had to measure up the progress both in the East and in the West.

In ten years the National Western Show at Denver has developed into one of the most important live stock expositions of the world. In some features it excels the International at Chicago. At the next Denver show, which opens on January 26, the best herds of live stock in the United States will be exhibited and the stock breeders of the West will have an opportunity to measure up their herds with the best production of the world.

Keeping Yourself Well

HOW YOU GET SICK

Sometimes you overload your stomach with rich foods. Your life may be an active one, and thus you may care for all you eat. But a few days of inactivity show your system does not call for so much. You awake in the morning and find your body feels heavy; you know you are not up to the mark. Your digestion has not cared for the overload. Part of it remains. It generates gas that inflames the delicate linings. They fail to pour out the digestive fluids and neglect to absorb the life-giving elements. You know something is wrong.

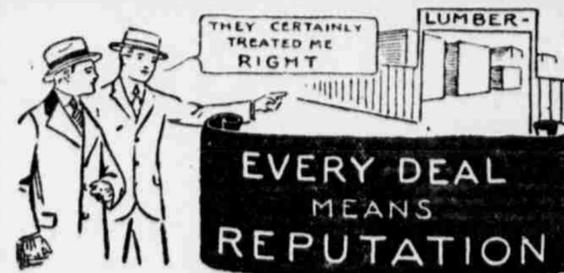

Your body gets weak, and soon opportunity is offered for some average illness.

Taken in time, the indigestion would not become serious. First remove the overload; then soothe the sore membranes; then build up the weakened body. It's simple to say, but not so easy to do. You need help. A tonic that will quicken digestion, help remove waste, soothe the soreness and arouse the system—that's just what you need.

Peruna has an enviable record in this respect. It has aided many thousands in the last century to overcome just these conditions and thereby prevent serious sickness.

The tablet form is convenient for regular administration.
